The 3 Oils I Use Every Day:

Bergamot - to start to my day.

Zengest - for digestive upset.

Lavender - for stress!!

- I diffuse something different in the shop each and every day, and it's so great to see how the clients respond to it!*

What I Love Most about doTERRA:

The thing I most love about doTERRA is simply the product. I love my oils. And I love how simple it is for me to help my family with their needs, just by having these little bottles of goodness in the house! I have come up with many great DIY recipes for our personal use, and it's great to be able to use my creativity in this way.
